**Harmful effect of non-iodised salt**

189. SHRI HARVENDRA SINGH HANSPAL: Will the Minister of FAMILY WELFARE be pleased *to* state:

(a) whether the consumption of non-iodised salt by human beings can cause several ailments;

(b) whether any research has been conducted in this regard; and

(c) if so, the details thereof and by when the non-iodised salt is likely to be banned in the country?

THE MINISTER OF HEALTH AND FAMILY WELFARE (SHRI MOTI LAL VORA). (a) to (c) No. Con sumption of non-iodised salt by a normal healthy person does not cause any ailment. .

Intake of iodine is the simple and cheapest method for control of Goitre and other associated iodine deficiency disorders, one of the most. widely prevalent nutritional problems of the country. Hence, iodised salt is being sponsored to areas endemic for Goitre and other IDDs., under the National Goitre Control programme.

The scheme for iodisation of the entire edible salt in the country is being implemented in phases, to be completed by the year 1992.

**Postings of PGTs/Vice Principals in KVS**
